Preface/Introduction of Project

- The main objective of the online examination system is to provide equal opportunity to every student who is not going to the exam due to the lack of geographical areas. If you are regularly watching tv in India, you show one advertisement about online education to remove geographical barriers. In the Ad, one girl is leaving in the mountain region and can't go to the learning institute due to the lack of infrastructure(buses or transport). So, with the help of mobile and internet, the girl educates herself and prepares for her future.
- Online examinations use the same for the assessment of students' yearly learning. As a result, candidates from remote locations can participate in examinations without physically being present, enhancing inclusion and facilitating access to education.

Acknowledgement

This project report on “Online Examination System” beats the important of several person with the proper guidance of and its impact on human life.

We extend our sincere and heartful thanks to our esteemed guide “Ms. Fatima Mam” for providing me and my team an opportunity for us to show our hidden talent to you & providing their suggestion for betterment of our program our project would not have been possible without your faith on us.

We would like to extend thanks to our respected Head of the Department, “Dr.abhijeetsingh Jadeja” for allowing us to use the facilities available.

Drawback of Existing System

- Existing system is time consuming.
- Email activation facility was not available.
- User can not recommend suggestions to other users.
- User can not get the notification online.
- Online exam facility not available.
- SMS notification facility not available.

Need for new System

- For the better searching facility as per user convenient.
- User activation facility with id proof.
- To include the FAQ and complain against unreliable services.
- Enquiry facility for the student exam and exam question regarding.
- SMS and email notification facility.
- To include online exam facility.
- User can search exam online and also can get their detail in brief.

Tools & Technology

Software Requirements:

- **Front End:** JavaScript, Html,Css,jQuery
- **Back End:** Xampp
- **Tools**: Adobe Dreamweaver (cs6)
- **Operating System:** Windows 7, Windows 10 and above.
- **Browser**: internet explorer, Google chrome, Mozilla Firefox
- **Operating system:** Windows 7, Windows 10 and above.

Hardware Requirements:

- **RAM:** 2 GB
- **Hard-Disk:** 20 GB
- **Processor:** Intel Core I3 or above

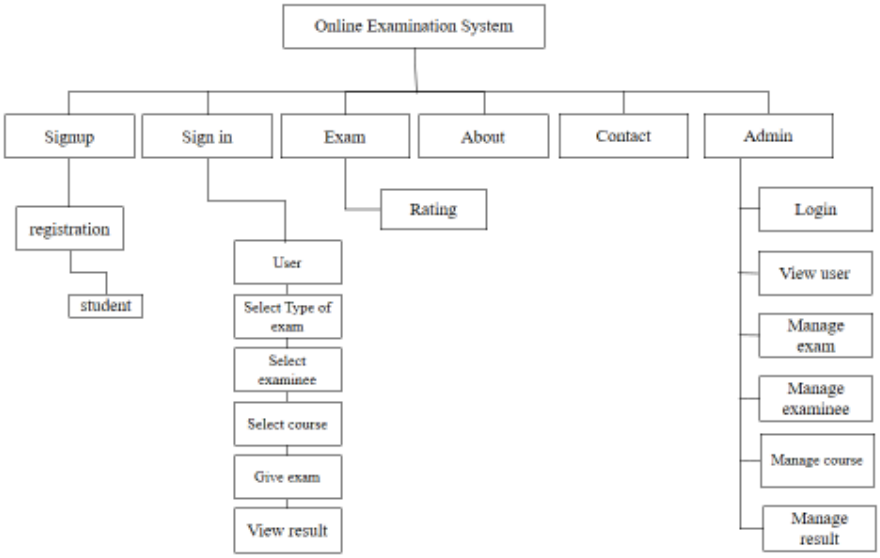
Hierarchy Diagram



Data Dictionary

Table No:-1
Table Name:- admin_acc
Primary Key:- admin_id

Field Name	Type/Size	Constraints	Description
Admin_id	int (4)	Primary key	This field contains admin id.
Admin_user	varchar (20)	not null	This field contains admin user.
Admin_pass	varchar (50)	not null	This field contains admin pass.

Table No:- 2
Table Name:- tbl_course
Primary key:-cou_id

Field Name	Type/Size	Constraints	Description
Cou_id	Int (9)	Primary Key	This field contains course id.
Cou_name	varchar (50)	not null	This field contains course name.
Cou_created	varchar (10)	not null	This field contains course created.

Table No:- 3
Table name:- tbl_examinee
Primary Key:- examne_id

Field Name	Type/Size	Constraints	Description

exmne_id	int (5)	Primary key	This field contains exmne_id.
exmne_fullname	varchar (50)	not null	This field contains exmne_fullname
exmne_course	varchar (50)	not null	This field contains exmne_course.
exmne_gender	varchar (50)	not null	This field contains exmne_gender
exmne_year_level	Varchar (10	not null	This field contains exmne_year_level
exmne_email	varchar (50)	not null	This field contains exmne_email
exmne_password	varchar (50)	not null	This field contains exmne_password.

Table No:- 4
Table Name:- Exam_answers
Primary Key:- Exams_id

Field Name	**Type/Size**	**Constraints**	**Description**
Exams_id	int (5)	primary key	This field contains Exams_id.
axmne_id	Varchar (20)	Not null	This field contains axmne_id.
exam_id	varchar (50)	not null	This field contains exam_id
quest_id	Varchar (50)	not null	This field contains quest_id
exans_answer	Varchar (50)	Not null	This field contains exans_answer
exams_status	Varchar (200)	not null	This field contains exams_status

Table No:- 5
Table Name:- Exam_attempt
Primary Key:- examat_id
Foreign Key:- exmne_id, exam_id

Field Name	**Type/Size**	**Constraints**	**Description**

examat_id	int (5)	primary key	This field contains examat id.
exmne_id	int (5)	foreign key	This field contains examne_id.
Exam_id	Int(5)	foreign key	This field contains exam id
examat_status	*varchar (20)*	not null	This field contains examat status

Table No: - 6
Table Name:- exam_question_tbl
Primary Key:- eqt_id
Foreign Key:- exam_id

Field Name	**Type/Size**	**Constraints**	**Description**
eqt_id	int (11)	primary key	This field contains eqt_id.
Exam_id	int (5)	foreign key	This field contains Exam_id
exam_question	Varchar (10)	not null	This field contains exam_question
exam_ch1	Varchar (10)	not null	This field contains exam_ch1
exam_ch2	Varchar (10)	not null	This field contains exam_ch2
exam_ch3	Varchar (10)	not null	This fields contains exam_ch3
exam_ch4	Varchar (10)	not null	This field contains exam_ch4.
exams_answer	Varchar (10)	not null	This field contains exams_status

Table No: - 7
Table Name:- tbl_exam
Primary Key:- exam_id
Foreign Key:- cou_id

Filed name	**Type/Size**	**Constraints**	**Description**

ex_id	int (4)	primary key	This field contains ex id
cou_id	int (5)	foreign key	This field contains course id
ex_title	varchar (14)	not null	This field contains exam title
ex_time_limit	varchar (14)	not null	This field contains exam time limit
ex_questlimit_display	date	not null	This field contains of exam questlimit display
ex_description	date	not null	This field contains of exam description

Table No: - 8
Table Name:- Tbl_feedback
Primary Key:- fb_id

Filed name	**Type/Size**	**Constraints**	**Description**
Fb_id	int (4)	primary key	This field contains feedback id
exmne_id	varchar (50)	Not null	This field contains examine id
fb_examns_as	varchar (14)	not null	This field contains fb examns as
fb_feedbacks	varchar (14)	not null	This field contains fb feedback.
fb_date	varchar (20)	not null	This field contains of fb date
